SUFFER

no longer from Dyspepsia, Indigestion, want of Appetite, loss of Strength lack of Energy, Malaria, Intermittent Fevers, &c.

BROWN'S IRON BITTERS never fails to cure all these diseases.

Boston, November 26, 1881.
BROWN CHEMICAL CO.
Gentlemen:—For years I have been a great sufferer from Dyspepsia, and could get no relief (having tried everything which was recommended) until, acting on the advice of a friend, who had been benefited by BROWN'S IRON BITTERS, I tried a bottle, with most surprising results. Previous to taking BROWN'S IRON BITTERS, everything I ate distressed me, and I suffered greatly from a burning sensation in the stomach, which was unbearable. Since taking BROWN'S IRON BITTERS, all my troubles are at an end. Can eat any time without any disagreeable results. I am practically another person. MRS. W. J. FLYNN,
30 Maverick St., E. Boston.

BROWN'S IRON BITTERS acts like a charm on the digestive organs, removing all dyspeptic symptoms, such as tasting the food, Belching, Heat in the Stomach, Heartburn, etc. The only Iron Preparation that will not blacken the teeth or give headache.

Sold by all Druggists.

Brown Chemical Co.
Baltimore, Md.

See that all Iron Bitters are made by Brown Chemical Co., Baltimore, and have crossed red lines and trade-mark on wrapper.

TUTT'S PILLS

TORPID BOWELS, DISORDERED LIVER, and MALARIA.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION,** and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "**scavengers of the system,**" producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work and are a perfect

ANTIDOTE TO MALARIA.

Having Admitted the Strength of the Evidence, an Eminent Physician Takes Logical Action.

The following letter tells its own story. The signature will be recognized as that of the Physician-in-Chief of the De Quincey Home, and author of "Drugs That Enslave," "The Hypodermic Injection of Morphine," "A Manual of Nursing," and many other popular and valuable special medical works:

191 WEST TENTH STREET.
NEW YORK, August 11, 1880.

MESSRS. SEABURY & JOHNSON,—Gentlemen:—Like most of my profession, I am cautious about pinning my faith to any new medicine or curative agent. But your BENSON'S CAPCINE POROUS PLASTER has broken through the barriers and won its way to my good opinion. My attention was first called to it some eight months ago by a patient of mine. Although I was well acquainted with the superior excellence of your other plaster and anti-septic dressing, made especially for the profession, the Benson's was comparatively new to me. I had heard, however, of its merits as a remedy, in cases of lame back, local rheumatism, neuralgia, congestion of the bronchial tubes and lungs, dyspepsia, torpid liver and the like affections, and have since begun to experiment with it personally. I find BENSON'S CAPCINE PLASTER an exceptionally clear plaster to use and rapid in its action.

Many tests of its qualities, made in my own family and among my patients, have convinced me that there is no other single article so valuable for popular use, nor so helpful in the diseases I have named.

Should you desire to do so you may use my name to that effect.

Very truly yours
H. H. KANE, A. M., M. D.

The genuine have the word CAPCINE cut in the center. Price 25 cents.

Board of Equalization.

COUNTY CLERK'S OFFICE,
WASHOE COUNTY, NEVADA.
RENO, September 10, 1883.

NOTICE IS HEREBY GIVEN THAT the County Assessor of Washoe county, Nevada, has completed the tax list or assessment roll, and has duly attached his certificate thereto, and delivered it and the map books and all original lists of property given to him to the Clerk of the Board of County Commissioners. That the Board of County Commissioners will meet on Monday, September 17, 1883, as a Board of Equalization, and will hear and determine all complaints made in regard to the assessed value of any property within said county, and will change and correct any valuation, either by adding thereto or deducting therefrom, if they deem the sum fixed in the assessment roll either above or below the true value, whether said sum was fixed by the owner or Assessor, except that in case where the person complaining of the assessment has refused to give the Assessor his list under oath, as required by law. In such cases no reductions will be made by the Board of Equalization in the assessment made by the Assessor. The assessment roll will be kept open for public inspection at the County Clerk's office until after adjournment of the Board of Equalization. The Board of Equalization will continue in session from time to time until the business of equalization is disposed of. But said Board will not sit after the first Monday in October, 1883, except that the Board of Equalization will meet on the Second Monday of October to equalize the assessment roll and hear complaints in excepted cases mentioned.—See compiled laws, section 3128.

R. S. OSBURN, Clerk,
Of Board of County Commissioners
Washoe county, Nevada. sept10

Delinquent Notice.

AN IMPORTANT MEETING.

The last Annual Convention of the American Banker's Association was held at Saratoga. The next will be held at Louisville, Ky., Oct. 10th and 11th, and as this will be the first held south of Mason and Dixon's line, a large attendance of bank officers from the South and West is expected. The 8,000 banking institutions of the United States will be represented. George S. Coe, President of the American Exchange National Bank of New York will preside.

One of the topics which will probably attract much attention is the prevention of financial panics. The nation is prospering and growing richer every year; our productive power is expanding with a rapidity never known before. But we are warned by the past history of our banking progress and industrial growth that it would be presumtious to expect exemption from disaster and financial reaction. All this activity of production, this prodigious expansion of our national life, with the vast financial operations and commercial enterprises which are so rapidly developing under the stimulus of the new forces which are enriching the country on all sides, cannot be realized without special dangers. How future financial disasters may be multiplied or averted by the economic expedients developed by our vast network of railroads, telegraphs and other nineteenth century inventions, it is impossible to predict. What is certain is that these and other conditions of growth are creating new perils, while they enrich and bring us into closer union with the whole commercial world. Perhaps, also, they are preparing us to resist the worst effects of future revulsions, however suddenly or forcibly they may be precipitated upon the country. What our bankers anticipate, what may be their best information, and with how much confidence they regard the financial situation, we shall soon know. The bankers and bank officers among us have better means than almost any other class of men for getting accurate knowledge of financial facts. They are also nearer than others to the centers of danger, for a financial panic was never yet developed which did not receive its chief force for evil from some defect or other of the financial and banking machinery of the country.

Another subject which is considered of great importance will be the growth of the State banking institutions, as distinguished from those of a National character. This subject will not be brought up in an antagonistic way, but for the purpose of considering the causes why the former have increased more rapidly than the latter, and how they can be made to work in harmony with each other.

The growth of the West will also be considered with regard to financial operations, showing why that district of country is no longer dependent on New York for its capital, but has its own financial centers. The soundness of banking institutions will also be considered.

A circular from Washington notifies the public that the Carson Land Office is to be abolished and its duties assigned to the Eureka office. If President Arthur is anxious for economy, why not abolish both offices and put the work on the United States Surveyor General's Office. The law gives him the power to do so, and it would be better for Western Nevada to have one here, even if the Eureka office remains.

—About half of the Villard Northern Pacific party has arrived in Chicago. Villard declined to be interviewed relative to his connection with Wall street speculations.

—An inspector of water meters in New York, who was arrested for complicity in water frauds, has been indicted for forgery, he having altered the book of record.

EASTERN DISPATCHES.

[PRESS DISPATCHES TO THE GAZETTE.]

Importing Cattle Free of Duty.

WASHINGTON, Sept. 25.

Consul General Simon of Matamoras has adressed the State Department a communication on the subject of beef cattle in Mexico and the United States, having reference principally to the question, how best to supply the demand for cattle for the ranches of the Western States. For the past two or three years, he says, cattle men have begun to look beyond Texas and into Northern Mexico for this supply. The chief cattle ranges of Northern Mexico lies between a line drawn from Guaymas to Tampico and includes the States of Sonora, Chihuahua, Coahuila, Nineva, and Pamoulpas, an area of 300,000 square miles, two-thirds of which is grazing lands. There may be in this section, 6,500,000 animals, divided as follows: goats, 2,500,000; meat cattle, 1,500,000; horses, 1,000,000; sheep, 1,000,000, and mules, 500,000. The imports of live cattle from Mexico have in the past paid an ad valorem duty of 20 per cent, but under the present treasury regulations the scope of which has been established by a test case, he says, animals for breeding purposes are imported free of duty, the person importing them being only obliged to satisfy the Consul and Collector that he imports them for such a purpose. The decision in this case being known the length and breadth of the frontier, he anticipates that stockmen in Texas, New Mexico, Arizona, Kansas, etc., will take full advantage of it and go to Mexico for breeders. It will give a great impetus to the cattle raising industry in Northern Mexico.

Power of the Press.

HUNTER'S POINT, September 25.

Under-Sheriff Warnock, with five deputies, is raiding the following establishments on Newton Creek ordered closed by the Governor, on the ground that they are a public nuisance, and detrimental to the public health: Frederick Heffner's, fat-boiling; John Kehoe, fat-boiling; Kochman & Co., fat-boiling; Henry Barrett, horse-boiler, and John Barrett, starch-maker. Each place is ordered closed at once, otherwise all machinery, utensils and stock will be destroyed by the Sheriff. Several proprietors say they have been paying money to the Long Island City Board of Health for the privilege of keeping open. These are the factories which, for the past five years, have emitted such noisome odors as to render, at times, certain portions of New York City almost uninhabitable. For years the city papers have cried out against these stink-holes, and at last has made the subject familiar all over the country.

A Destructive Gale.

BUFFALO, September 25.

A furious gale set in last evening which is still raging furiously from the southwest. A number of vessels on the Lake suffered severely; the sea is rolling heavily, and has swept over the docks, and submerged the whole of the docks and lower parts of the city several feet. The Central and Hudson & Erie railroads are under water, and the track of the Buffalo Creek railway is submerged. The wind is driving the waters of Lake Erie up into town in a great volumne, and the prospect of a very heavy loss seems imminent. The destruction of trees is very great. The schooner York State foundered in the gale last night, and all hands were lost: the crew consisted of the Captain and six men.

The Rate War.

CHICAGO, September 25.

The Pan Handle and Kankakee lines began selling tickets to Indianapolis this morning at one dollar with a consequent reduction in price to Cincinnati and intermediate points; the regular fares being added beyond Indianapolis. It now appears a five cent rate to Indianopolis, with the condition this line runs only night trains at that rate, and requires the purchasers of five cent tickets to buy sleeping car tickets at two dollars, so that the minimum rate over this line is $2 50.

A Stiff Breeze.

OSWEGO, N. Y., September 25.

The schooner Sarepta was driven ashore this morning at East Fair Haven, while trying to make that port. The crew was saved. The sloop Tounst was driven ashore here at 2 o'clock last night; the crew saved. It was the heaviest gale in years.

A Load of Weapons.

PHILADELPHIA, September 25.

The steamer Ethel, cleared to-day. Her manifest showed eight cannons, dynamite, shell and munitions of war of all sorts. She sails for Port au Prince and is owned by the Haytian Government. No attempt was made to prevent her sailing.

Frantic Appeals.

NEW YORK, September 25.

An audience that filled the large hall of the Cooper Union assembled last evening in the interest of Democratic harmony in this city. Many prominent Democrats were on the platform. David Dudley Field was nominated chairman, and enthusiastically received. Field said the meeting had been called for the purpose of harmonizing the Democrats of this city, as the existence of dissension in their ranks seriously endangered the success of the party in future. The Republican party had mismanaged the affairs of the nation, as could be seen by the excessive taxation, reckless and extravagant expenditures of public funds, and the encroachment of federal authority on the states. The Republican party could not be displaced as long as the Democrats of this State were not united. Charles A. Dana and Joseph Pulitzer, editors of the *Sun* and *World*, respectively, were among the list of vice-Presidents. Resolutions were presented by Congressman Potter, calling upon all Democrats to lay aside their differences and unite against the common enemy, and denouncing all leaders and organizations who neglected to carry the resolution into effect. A committee was appointed to present resolutions at the State Convention, at Buffalo, and urge upon the Democratic masses the necessity of harmonious action.

Butler Captures the Greenbackers.

BOSTON, September 25.

The State Committee of Greenbackers met at 10 o'clock this morning to decide on a permanent organization. Moody Boynton claimed the right to act because he was a member of the National Committee. He was at first refused, but was finally allowed to speak, which he did vigorously for ten minutes, asserting that the convention to-day was not a Greenback convention, but a scheme to aid and abet the Democratic party. P. P. Field who had been chosen temporary Chairman, made a short address in which he warmly eulogized Governor Butler, which was received with great enthusiasm. A debate ensued over the report of the committee on Credentials, a number of delegates objecting to the admission of J. P. Bland as a delegate from Athol. Bland is a sympathizer with Moody Boynton, and the author of the life of Butler.

An Ex-President's Heirs.

BUFFALO, September 25.

Attorneys for Catharine S. Moore, Lucy N. Abbott, William Mulford Keyes, Luther H. Keyes, and William Halsey, who claim to be the heirs of Catharine C. Fillmore, widow of ex-President Fillmore, made a motion in the Surrogates Court for the appointment of a temporary administrator of the widow's $90,000 estate in place of George Gorham. The Court denied the motion.

Tammany's Appropriate Mottoes.

NEW YORK, September 25.

About 450 members of County Democrats left for Buffalo this morning to attend the Democratic State Convention. The train consisted of fifteen Wagner cars. The Tammany delegates to the same Convention, also started this Morning. The party numbered 560 members, and required 19 cars, on the outside of which were banners bearing appropriate mottoes.

WESTERN DISPATCHES

[PRESS DISPATCHES TO THE GAZETTE.]

Death of S. S. Montague.

SAN FRANCISCO, September 25.

A telegram received late last night from Oakland, announces the death of S. S. Montague, Chief Engineer of the Central and Southern Pacific roads. He died near Shasta, in the camps at the end of the track of the California & Oregon Railroad, which was in course of construction. The deceased was a comparatively young man, only 46 years of age. He leaves a wife and family living in Oakland, California. The probabilities are that S. M. Clements, who for some time past has been acting as assistant Chief Engineer, will succeed to the position. Mr. Clements is acknowledged by railroad men to be one of the most competent engineers in the country.

Yellow Jack.

A special from Nogales, Arizona, reports a terrible state of affairs at Hermosillo from yellow fever; Magdelena is said to be also heavily afflicted.

Judge Field's Decision.

Judge Field's interpretation of the Chinese Restriction Act, in his decision rendered yesterday, is favorably received and commented upon by all the morning papers.

Fire at Wood River.

HAILEY, Idaho, September 25.

A fire at 2 o'clock this morning destroyed the entire block south of the Merchants' Hotel, on Main street, including the Grand Central Hotel, Burkehart & Co., stationers, the Bache boarding-house, and several other firms of more or less importance. Loss $300,000; insurance $30,000. Rebuilding will commence immediately.

—During Fred Douglass' speech at the Colored Mens' Convention at Louisville, Kentucky, to-day, General James Speed of Lincoln's Cabinet, General James H. Aiken and a number of other prominent white men occupied seats on the stage.

FOREIGN DISPATCHES.

[PRESS DISPATCHES TO THE GAZETTE.]

O'Donnell in Court.

LONDON, September 25.

Mrs. Carey landed this morning at Greenplthe on the Thames, 18 miles from London. O'Donnell was brought to the Bow Street Police Court at 2 o'clock this afternoon. The court room was filled, and a large crowd collected outside. Special precautions were taken by the police to prevent any attempt at a rescue.

The Isthmus Canals.

LONDON, September 25.

The British Government will again enter into negotiations with the Suez Canal Company, relative to the proposed canal. The chief Superintendent of the works of the Panama Canal Company has submitted a report, indicating that the canal will be completed in 1888.

TELEGRAPHIC BREVITIES.

—The Brighton Beach races were postponed by rain.

—President Arthur left Providence this morning for Boston.

—Daniel Webster's monument has been defaced by vandals or relic seekers.

—China's reply to the memorandum submitted by France is not yet received.

—A meeting of the Irish National League was broken up by the police at County Clare.

—Texas has voted in favor of the constitutional amendment, allowing a separate tax for public schools.

—Fred Douglass was elected permanent President of the colored convention at Louisville at a late hour last night.

—It is said that small-pox and typhoid fever have broken out among the navvies on the Canadian Pacific Railroad, at Georgian Bay.

—The Senatorial Republican Convention at Pulaski, N. Y., divided, and both wings held a convention in the same room at the same time.

—A large number of cotton operators will be temporarily thrown out of employment at Montreal next week, in order to stop over-production.

—A report is current on Wall Street that the recent failure of Mayer & Co. was due to a decline in Villard's stock, and further troubles are anticipated.

—The proposals for the purchase of condemned Naval vessels, opened at the Naval Department yesterday, were found in all cases, to be in excess of the appraised value.

—Lord Coleridge visited the stock yards and packing houses at Chicago Monday, and will drive on the North Side to-day and lunch with E. B. Washburne, ex-Minister to France.

—Anthony Comstock to-day raided the Brighton Beach race-track and pool-rooms and made some arrests. Comstock then left the island and almost immediately the pool-rooms reopened.

—Owing to a cut in passenger rates, railroad tickets from Chicago to Indianapolis, with a chromo thrown in, are selling for five cents. The feeling between the several companies seems to be very bitter.

—The verdict of the court martial, in the case of Second Lieutenant Robertson, charged with duplicating pay rolls, is not as severe as at first reported. He will be suspended for a short time, not to exceed a year.

—In response to the presidents of the Pennsylvania, Ohio, Indiana, West Virginia and several other State associations, a meeting will be held to-morrow, for the purpose of organizing a National Wool-Growers Association.

—A large number of Irish Catholics left the Parish Church, St. Cunegond, Canada, yesterday, because Father Seguine severely rebuked them for not paying their dues. The congregation is composed of 15,000 French Canadian families, and 400 Irish.

Removal! Removal!!

REMOVAL!!!

ON or about the 15th day of September, the well-known and

Reliable Jewelry Establishment

And will be pleased to have his many friends and patrons call and examine his elegant stock of

Watches, Clocks and Jewelry

Of Every Description.

I. FREDRICK.

MISCELLANEOUS.

To Dyspeptics.

The most common signs of Dyspepsia, or Indigestion, are an oppression at the stomach, nausea, flatulency, water-brash, heart-burn, vomiting, loss of appetite, and constipation. Dyspeptic patients suffer untold miseries, bodily and mental. They should stimulate the digestion, and secure regular daily action of the bowels, by the use of moderate doses of

Ayer's Pills.

After the bowels are regulated, one of these Pills, taken each day after dinner, is usually all that is required to complete the cure.

AYER'S PILLS are sugar-coated and purely vegetable—a pleasant, entirely safe, and reliable medicine for the cure of all disorders of the stomach and bowels. They are the best of all purgatives for family use.

TUESDAY ..... SEPTEMBER 25, 1883

JOTTINGS.

It takes a good deal of kindness and a good strap to bring up a boy.

It is imprudent to be without St. Jacobs Oil for pain is everywhere.

Four tall cars of emigrants, with many families, passed west to-day.

Nine bars of Belleville bullion went below by Wells-Fargo this morning.

"Oh! Blast such a road," said the irascible traveler, "you are always changing time."

Dr. Bergstein is fitting up the rooms lately occupied by C. S. Varian, as an office.

John Lewis, the man who yesterday plead guilty to selling whisky to Indians, got 40 days in jail.

Prang's birthday cards at Nasby's, 27 Commercial Row. Thermometer at 7, 9, 11, 1, 3—52, 62, 72, 78, 80.

F. Lemmons has bought of F. H. Lindsey of Honey Lake Valley, 210 head of last Spring's calves at $18 per head.

This morning there was to be seen at the depot a middle-aged, sleek-looking colored man who wore the garb of a Catholic priest.

A Honey lake lady came to the depot this morning and asked what time the quarter to eight train went out. Steeres kindly responded: "Seven forty-five."

The case of the Central Drain Ditch Company vs. the North Truckee Ditch Company, has been decided by Judge Boardman in favor of the defendants.

While Bob Lemmon was standing in front of Coleman & Pechner's to-day one of the boys worked the outline of his feet, and the track was found to be identical in shape and size with those at the State Prison.

During the absence of the junior member of the firm, who is in San Francisco buying a new supply, the elder Levy is selling dry goods cheaper than the same quality were ever purchased in the State, as he is determined to make room for the new stock.

This reporter having purchased one of Knowles & Bainbridge's cooking ranges, is able to speak by the card. The range was set up at 10 o'clock last evening, and this morning at daylight the said local was called up to a nice, well cooked breakfast, with the assurance that it is "no work at all to cook a meal on such a range."

Full suits of clothes of the very latest style can be bought of the Arams Bros. for what the pants of the same quality of goods would have cost a few years ago. Boots, shoes, slippers and in fact anything worn by man or boy can be had at a price which places a nice outfit within the reach of every male inhabitant of Washoe county.

Wadsworth Suffers.

About 2:30 this morning, a fire broke out in a vacant house in Chinatown, at Wadsworth, and spread very rapidly. Before it was conquered, it burned the residence of Frank Lorangers, J. F. George, M. Raphael and —— Leivre, all of Chinatown and 250 feet of the Central Pacific Railroad cattle corral. M. Raphael's store withstood the fire, but was damaged by heat and water more or less. Nearly all saved their household goods. It is reported that one Chinaman was burned up, but the report is not generally believed. It is thought that the fire was started by Indians. For a time the whole of the town west of the freight house, was in danger, but the wind changed to the north and drove back the fire, so that Capt. Geo. Gregg, with his water department, got the flames checked.

Judgment for Plaintiff.

A Pittsburg jury gave a verdict against a railroad company for the amount of money stolen from a passenger in a sleeping car. "Since the defendant," the Judge charged, "sold a ticket for $2 in addition to the regular rates of passage, offered the facilities of sleeping as an inducement to pay the extra money, it bound itself to protect its patrons while they were asleep and for the time being helpless."

Cure For Blackleg.

The best preventive for blackleg among cattle, and one that is easily administered, is sulphur mixed with salt, and placed in boxes where stock can find it. There is no danger of their eating enough to injure them. The sulphur carries off all impurities from the system. This remedy is highly recommended by those who have tried it, and has this advantage over the garlic vaccination, it is much easier to apply.

Another Sun Spot.

A huge spot on the sun came into view on Sunday, which is said to be the largest seen this season. It is described as of the shape of a huge drumstick. The shank of the umbra is about 15,000 miles long, and the diameter of the ball at the end is about 10,000 miles. It is visible through smoked or stained glass, on the southeast quadrant of the sun.

The C. & C. Postal Clerks.

G. B. Campbell of Dayton, Ernest S. Hawley of Carson and James Cumming's of Virginia, have received appointments as postal clerks of the Carson and Colorado Railroad.

A LONELY OCCUPATION.

Insanity Among the Sheep-Herders of California.

H. H., who writes in the October *Century* of the "Outdoor Industries in Southern California," says: The sheep ranches are usually desolate places: a great stretch of seemingly bare lands, with a few fenced corrals, blackened and foul-smelling; the home and out-buildings clustered together in a hollow or on a hill-side where there is water; the less human the neighborhood the better.

The loneliness of the life is, of itself, a salient objection to the industry. Of this the great owners need know nothing; they can live where they like. But for the small sheepmen, the shepherds, and above all, the herders, it is a terrible life,—how terrible is shown by the frequency of insanity among the herders. Sometimes, after only a few months of the life, a herder goes suddenly mad. After learning this fact, it is no longer possible to see the picturesque side of the effective groups one so often comes on suddenly in the wildernesses: sheep peacefully grazing, and the shepherd lying on the ground watching them, or the whole flock racing in a solid, fleecy, billowy scamper, up or down a steep hill-side, with the dogs leaping and barking on all sides at once. One scans the shepherd,s face alone, with pitying fear lest he may be losing his wits.

Something Unusual.

On the summit of Mount Rose, a tall peak of the main Sierras, lying nearly west of Steamboat Springs, is a hugh fissure formerly a portion of the crater of an extinct volcano, which has been constantly filled with snow and ice since the settlement of the country by the whites, says the Virginia *Enterprise*. This snow has suddenly disappeared, to the great wonder of the ranchmen of Washoe Valley. Never before has the chasm been seen bare of snow. No one has been up to investigate, but it is feared that the old mountain may be prepared to fire up, and the rocks have grown so hot as to melt the snow.

Look After Your Boys.

An exchange says: "The worst thing that can befall a boy is to have the liberty to stay out late at at night. This is too often a fatal privilege, because it is during the hours of the night that all mischief is planned and executed. The boys who are permitted the freedom of the public streets at all hours of day and night are oft times the boys who fill the penitentiary and workhouses, and bring sorrow upon relatives and friends. Parents should keep their boys out of the streets at night. There should be a curfew ordinance in every village, town and city, and its provisions strictly enforced.

Cattle Scarce.

A well-informed cattle man from Eastern Nevada says there are not 2,000 head of beef cattle for sale in Nevada east of Elko. Sparks & Tinnin have already sent about 1,200 head to San Francisco, and the rest go east. They are loading about 2,500 now for Wyoming. Russell & Bradley have sold to Miller & Lux. So have Mason & Bradley. Scott & Hanks have about 800 head for sale. Murphy & Horne's cattle are gone; so are Byrnes'. Brooks gets Hardesty's, and outside of these parties there are a dozen small lots, with not over 1,000 in all.

Probably an Amateur.

The Candelaria *True Fissure* of the 22d inst. says: While the driver of the stage from the railroad station to Bishop Creek was proceeding on his way, last Thursday night, he was suddenly ordered to halt by a highwayman. The robber demanded Wells, Fargo & Co.'s box, which was promptly delivered to him. Instead of obtaining a large sum of money as anticipated, but $12 were in the box. A sad case of miscalculation is evident somewhere.

A Long While Together.

J. C. Haynes got a box from Maine yesterday, with pieces of four kinds of cake, made by his mother for the dinner on her golden wedding day. She is 68 and her husband is 75. They have eight children, two in Reno, one in Idaho, two in Montana, and three at home in Maine.

Board of Equalization.

The Board of Equalization will meet again on Friday the 28th inst., to take final action on all grievances. All persons who were cited to appear on the 24th, and who did not apear on that day, will consider themselves notified to be present at the next meeting.

Jail Break.

During the night the Wadsworth jail was broken by two tramps, who were confined for stealing a valise from an emigrant train, and a Chinaman for selling liquor to Indians. The tramps had been sentenced to four and six months in jail.

Land Office Discontinued.

By an order bearing date August 29, the President has discontinued the United States Land Office at Carson, to take effect Jan. 1st, 1884; after which time the office at Eureka will transact all the United States land business in Nevada.

PERSONALS.

General J. H. Matthewson of the Internal Revenue office is in town.

Captain Don Barker left for Washington, D. C., this morning.

Miss Annie Morris of Empire came from below to-day on her way home.

Colonel M. N. Stone was a passenger on the east-bound express this morning.

Captain Merrill of Merrillville, near Susanville, came from the Bay this morning, on his way home.

General Sherman and party arrived at Salt Lake, via the Denver and Rio Grande, last Saturday, from Pueblo. He is the guest of General McCook.

Sheriff Swift, Dan Kelley, James and George Duffy, Lewis Epstein, E. D. Sweeney, Mike O'Hare and several others, all of Carson and all witnesses in the Coombs case, are in town.

Gabriel Cohn, the liquor drummer, came in from the south this morning on his way home to the Bay, having learned by telegraph of the death of one of his children and the severe prostration of his wife.

Ex-Gov. Kinkead, Mr. Jaynes, Superintendent of telegraph, and Lieutenant Governor Laughton came in from Pyramid this morning. They report everything going smoothly.

A large number of friends were at the depot this morning to witness the departure of Mrs. W. R. Jenvey and little son, who left Reno this morning to join the husband and father at Hoboken, New Jersey. Bishop Whitaker and wife, and Mrs. Whitaker's mother, Mrs. Chester, left by the same train for Philadelphia.

Humboldt Items.

The *Silver State* of the 24th inst. says:

Another bar of bullion valued at $886 51, was received at Wells-Fargo's office here Saturday from Bernice. The new mill at that camp seems to be doing well, and produces fine bullion.

The meadows along the Little Humboldt and Martin and Cottonwood Creeks, Paradise valley, produced fine hay crops this season. The quality and quantity is said to be better than usual. Godchaux, Crutcher, Kochersperger and Wash O'Neal have stacked over 8,000 tons, while several others, among them Emery, Lyng, Farrel, Richie and Robert O'Neal, have an average of 500 or 600 tons each. The total hay crop of that section is estimated to be between 20,000 and 25,000 tons, which is sufficient to keep a good many beeves in prime condition until next February.

A new mining district has been organized in the Antelope range of mountains, about 18 miles from the Humboldt House, and named Cedar District. Years ago rich float-rock was found in that section, but nothing was done towards following it up or prospecting the range. This Summer Jehial Smith found some galena ore partly oxidized near the bluff, which led him to prospect for a mine. He succeeded in finding a body of galena ore about 20 feet wide, and carrying from $100 to $200 in silver to the ton. He has been at work for some weeks prospecting his find, and he is of the opinion that it is one of the largest bodies of ore ever found in the State. The mine is about two miles from Big Antelope Springs, in a range of mountains heavily covered with cedar timber, and from which the district derives its name.

Burdette's Advice.

Bob Burdette, in giving some sarcastic advice to young men who have political aspirations, says: Never fight on the defensive. Always keep going up and down like a raging lion, seeking where you may investigate somebody. "You haven't taught me any of the parries," said a young soldier to an old Prussian fencing-master. "Parry be ——" (I have forgotten the Prussian for that word) replied the old mustache, "You thrust; let the other fellow parry."

The Coombs Case.

Nine jurors were secured out of the old panel, and a venire has been issued for more. W. N. Knox, Geo. Jamison, W. Sibby, D. Powell, W. Gulling, S. M. Fassett, R. H. Kinney, G. E. Teasland and John Frazier are the nine. Coombs is not a bad looking man at all. He is tall and well built, with very black hair and chin whiskers and moustache. He has quite an intelligent face. His brother is with him constantly. N. Soderberg is taking shorthand notes of everything.

Slaughter of Catfish.

A correspondent of the Carson *Appeal* complains that large quantities of catfish are being taken from Washoe lake, which are being sold in the market and at the restaurants, and asks that attention be called to the wanton destruction.

Quite a Fire.

The fire which burned Charley Fassetts store at Ruby Hill yesterday morning, also took in eighteen other buildings, making a loss of $20,000 all told. It was the work of an incendiary.

Hay Bitors.

J. C. Craig started from Lovelocks yesterday with 30 head of beef cattle. He is going to drive them to the meadows and feed them on D. W. O'Conner's hay.

THE NEW MONADNOCK.

A New War Vessel Built at a Private Yard.

Last Tuesday, what is said to be an iron-clad double-turretted man-of-war, was launched at Vallejo. Its displacement is 3,977 tons, and from the description when completed will be a formidable vessel. All the work has thus far has been done by contract, and it will be completed in the same manner. It was begun in 1875 but construction was delayed for want of an appropriation for the purpose. Continuous work, thus far, has only occupied 18 months.

The armor will be of steel and iron, and the guns, four in number, the most formidable known to modern warfare. It is claimed that she will have excellent seagoing qualities, and possesses considerable speed. She is intended to assist in the harbor defense of San Francisco. A remarkable fact in connection with the building of this vessel is that it has been built at a private yard with a plant of only $10,000, and directly in the face of a navy-yard costing millions, but which has never yet been able to turn out any such addition to the navy. As she glided into the water, a fair lady standing on the prow christened her with the name "Monadnock."

Northern Belle Mine.

The official report of last Saturday says: The daily output of ore is about thirty-three tons. Both mills are running as usual, five stamps of mill No. 2 being engaged on ore from the Great Western mine, in Garfield District. The bullion shipments on September account amounted to $8,122 02 to the 17th instant.

Mills at the Mouth of the Sutro Tunnel.

There seems to be a pretty well grounded rumor that large quartz mills are to be erected at the mouth of the Sutro Tunnel for the reduction of Comstock ore, where it can be delivered at a fraction of the expense which the handling and transportation costs at present.

New Dams.

E. C. Asher of Lovelock's, who is in town to-day, informs a GAZETTE reporter that a success has finally been made of putting in a couple of dams in the Humboldt at that place, which bid fair to stand. Joe Marzen turned the water onto his ranch last Sunday.

DR. SPINNEY

NO. 11 KEARNEY STREET,
San Francisco, Cal.

Treat all Chronic and Special Diseases

YOUNG MEN

WHO MAY BE SUFFERING FROM the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit $500 for every case of Seminal weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation Free. Thorough examination and advice $5.

P. S. For private diseases of short standing a full course of medicines sufficient for a cure, with necessary instructions, will be sent to any address on receipt of Ten Dollars. Call or address

DR. SPINNEY & CO.,
No. 11 Kearney Street, San Francisco.

PENSIONS TO ALL

soldiers and sailors who were disabled by wounds, disease, accident or otherwise, the loss of a toe, piles, varicose veins, chronic diarrhœa, rupture, loss of sight, (or partially so), loss of hearing, failing back of measles, rheumatism, any disability, no matter how slight, gives you a pension. New and Honorable Discharges obtained. Widows, children, mothers and fathers of soldiers dying in the service or afterwards, from disease contracted or wound received while in the service, are entitled to pension. Rejected and abandoned claims a specialty. Pensions, Back Pay and Bounty Claims Collected.

INCREASE YOUR PENSION

A pension can be increased at any time when the disability warrants it. As you grow older the wound has gradually undermined the constitution, the disease has made you more helpless. In some manner the disability has increased; so apply for an increase at once.

Land and Patent Claims Solicited.

My experience and being here at headquarters enables me to attend promptly to all claims against the government. Address, with stamp: M. V. TIERNEY,

MISCELLANEOUS.

A MARVELOUS STORY

TOLD IN TWO LETTERS.

FROM THE SON: "28 Cedar St., New York, Oct. 28, 1882.

"Gentlemen: My father resides at Glover, Vt. He has been a great sufferer from Scrofula, and the inclosed letter will tell you what a marvelous effect

Ayer's Sarsaparilla

has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case.

Yours truly, W. M. PHILLIPS."

FROM THE FATHER: "It is both a pleasure and a duty for me to state to you the benefit I have derived from the use of

Ayer's Sarsaparilla.

Six months ago I was completely covered with a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the SARSAPARILLA in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect—being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. 21, 1882. Yours gratefully,

HIRAM PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blotches, Sores, Boils, Tumors, and Eruptions of the Skin. It clears the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.

PREPARED BY

When Ladies are Attractive.

All ladies know their faces are more attractive when free from pimples. Parker's Ginger Tonic is popular among them, because it banishes impurities from blood and skin, and makes the face glow and sparkle with health.

GENERAL NOTES.

The Masons and Odd Fellows at Hawthorne are moving towards organizing a lodge of each order.

One thousand Chinamen participated in the grand parade at Portland, Ore., in honor of the completion of the Northern Pacific road.

G. B. Campbell, of Dayton; E. S. Hawley, of Carson, son of Judge Hawley, and James Cummings, son of the saloon-man of Virginia City, have been appointed postal clerks on the Carson and Colorado Railroad.

Russia, like the United States, is suffering from the destruction of forests, the reckless cutting down of trees threatening, according to the Novoe Vremya, to convert some of the best wooded provinces into a barren waste. Since 1864 the Ministry of the Domains has made attempts to prescribe general rules for preserving the forests but the constant opposition of private interests has stood in way.

The fires were started in the furnaces at the Imperial yesterday, and the shriek of the whistle was heard for the first time in nearly two years. Work will be resumed in the old upper levels immediately. The Virginia Chronicle says this is quite a boom to Gold Hill, and all that is needed to make that town resume a fair share of its former activity is the resumption of work in the Yellow Jacket, Crown Point and Belcher.

For years people have been in the habit of growing hops about their premises for shade and ornaments and without exception the vines grow luxuriently and yield amazingly. No one however has ever attempted hop culture as a business, or to grow the vine for any other purpose than ornaments, except Theodore Winters, who raised quite a crop this year in Washoe Valley, and next year will devote sixty acres of land to that purpose. Hops are always in demand and Mr. Winters thinks no more profitable crop can be raised.

Dried apricots are likely to be a prominent article of export from California. Heretofore this fruit has been put up almost entirely in tin cans, but, in consequence of overproduction the canning factories reduced the price paid to the farmer to such a figure that he was driven to experimenting with various processes of drying, and discovered a method that leaves the fruit in a delicious state. California fruit growers are now going largely into apricot drying, but it is thought they will never produce more than the markets of the United States alone are prepared to consume.

The President of the United States, by Executive order dated August 29, 1883, has directed that the office for the disposal of public lands now located at Carson City, Nevada, be discontinued, and that its business archives be transferred to the land office at Eureka, Nevada.

This order will be carried into effect on January 1, 1884, on which date the officers at Eureka will be prepared to receive applications for the lands formerly in the Carson City District and transact all business relating thereto.

General Joseph Holt, Postmaster General under Buchanan, in an interview in reply to Jake Thompson, the only other remaining member of Buchanan's Cabinet since Jere Black's death, asserts the loyalty to the Union of both Buchanan and Black at the opening of the rebellion, and charges that Thompson used the information he received as a member of the Cabinet to inform the Southern conspirators, which caused the firing on the Star of the West on her way to re inforce Fort Sumpter. But for this fact she would have been able to land re-inforcements.

Female baseball players from Philadelphia played a game on Thursday at Seaview Park, New York. The players were all young women, whose ages ranged from eighteen to twenty-five years. They wore blue and red costumes. One nine was composed of blondes and the other nine of brunettes. It was an extraordinary exhibition of baseball. When the ball was knocked outside of the diamond a home run was generally made. When the short stop threw the ball to first base it was usually caught there on the bound. When the game was finished the scorer announced that the blondes had won by a score of 32 to 27.

The Grass Valley Union says: "several enterprising citizens have it in contemplation to establish a cattle market in Grass Valley. The idea is to secure grounds of sufficient size upon which to erect the necessary stables and sheds for shelter, and to have stated days of the week where buyers and sellers can resort for the sale of beef cattle, sheep, hogs, or milch cows. By this means persons having such stock to sell and those wishing to buy could always be accommodated, and not depend so much upon hap hazard chances as now. It would be the means of bringing sellers and buyers together at a fixed place and time, and it is believed such an establishment would soon become popular and successful. In England and Ireland cattle markets are conducted on this plan, as well as the large cities at the East."

A Chicago dispatch says the Gubernational campaign in Iowa is being conducted with unusual vigor this Fall. The issues outlined are prohibition and protective tariff on the side of the Republicans, and license and tariff for revenue on the side of the Democrats. They are calling some of the strongest men of both parties into the campaign. Ben Harrison has been on the stump for the Republicans and Governor Hendricks for the Democrats, and Congressman Wm. M. Springer of Illinois is in this city to-day (Friday) on his way to that State, where he will begin on Monday a series of speeches lasting till the time of election.

The gross earnings of the Union Pacific Railroad in August were $2,652,000, against $2,770,000 for the same month in 1882. The earnings from January 1st to September 1st, were $18,332,960, against $18,850,224 in 1882. An Eastern exchange says of this road: "The Union Pacific is to be extended to the Pacific coast. While it is unlikely that the main line will thus be extended, it is quite probable that the Utah central, which is controlled by the Union Pacific may soon be built on through southern Utah and Nevada to the coast near Los Angeles. Such a line would be profitable, and would enable the Union Pacific to obtain all concessions it might desire on California business."

The Sentinel says W. E. Davidson has been appointed agent for Eureka county for the new book entitled, "Twenty Years of Congress, or from Lincoln to Garfield," written by James G. Blaine; and he is now taking orders for the first volume; to be delivered about Oct. 10. The work is having an immense sale throughout the United States, upwards of 100,000 copies having already been disposed of, and it is reported by the publishers that it will require fully one million copies to supply the demand. In addition to the editions in cloth, sheep, etc., there is to be a special edition printed on extra fine paper, bound in full Turkey morocco and with a genuine autograph of Mr. Blaine upon the title page of each volume. This latter edition is limited to one copy for each 500 population. The work is in two volumes, the second of which will be delivered some time during November.

W. Sanders, who with his wife returned last Saturday evening from a visit to Susanville and other points north of Reno, is greatly pleased with the general appearance and prospects of that country; especially so with Susanville and Honey Lake Valley, which he says maintains an air of thrift and permanency far beyond his expectations. The fruit crop in the Valley will be much smaller than usual, but the grain crop will be fully up to the average. The Honey Lake farmers, like all others east of the Sierras, depend entirely upon irrigation, and sometimes the water supply for the purpose is short, as was the case to a certain extent this year. Some of the leading citizens have inaugurated a scheme to remedy this evil by damming the lakes that feed Susan river, and thus hold a large supply of water in reserve until such time as it is needed. In Spring time there is a superabundance of water but the supply fails when most needed, and it is thought by daming the lakes at the head of Susan river, about thirty miles north of Susanville, the water can be stored and allowed to come down as occasion requires, and thus afford an abundance of water for all the land now under cultivation, besides furnishing water to irrigate thousands of acres that without water is absolutely worthless. Dr. Spaulding is at the head of this enterprise, and had just completed a survey of the lakes when Mr. Sanders was there, and he thinks the work can be accomplished at comparatively little cost. Mr. Sanders thinks that when the N. & O. railroad is completed Honey Lake Valley will be one of the most desirable places in all the country to settle in. He is going to locate a piece of land on the west shore of the lake, and if he does not occupy it himself will leave it as a legacy for his children.

MISCELLANEOUS.

PARKER'S HAIR BALSAM

BUTTER COOLING JAR.

BURDOCK'S PATENT REFRIGERATOR

—FOR—

Keeping Butter Without Ice.

B. N. BUGBEY,

329, J STREET, SACRAMENTO,

SOLE PROPRIETOR

OF THE UNITED STATES.

IT PRESERVES YOUR BUTTER COLD, sweet and fresh, as no other refrigerator can do. This is guaranteed. It is a fact long established by all connoisseurs of butter, that any vessel, cabinet or refrigerator, made of wood or any other substance carrying with it an odor, destroys the rich aroma contained in fresh butter; and furthermore all butter kept in the same vessel, cabinet or refrigerator with vegetables, any kind of meat, or any substance carrying a scent, becomes so tainted as to be unfit for table use, and even for culinary purposes. People may complain of poor butter, but the fault lies in the manner of keeping it.

DR. LIEBIG

Dispensary Cor. Geary and Mason Sts., San Francisco, Cal.

THE COLLEGIATE INstitute for the cure of special diseases and so-called incurable chronic diseases, Dr. Liebig's German Invigorator is positively guaranteed to cure nervousness and physical debility, Seminal Weakness, Lost Manhood, Spermatorrhœa, Loss of Energy, Rushing and Dizziness in the Head, Melancholia, Hopeless Feelings, Prostatorrhœa, and all the results of youthful imprudence and excesses of mature years. The Deecon, a regular college physician from Europe, will agree to forfeit one thousand dollars for a case the Invigorator will not cure under special treatment and advice.

The reason so many cannot get cured of Weakness and the above diseases is owing to a complication called PROSTATORRHŒA, which requires peculiar treatment.

Dr. Liebig's Invigorator No. 2 is the only positive cure for Prostatorrhœa. Price of either Invigorator, $2 per bottle; six for $10. Sent to any address on receipt of price, or C. O. D. Responsible persons can pay when cured. Strictest Secrecy Maintained. Patients cured at home. Dr. Liebig's Dispensary has an Elegant Drug Store in its building.

Too frequent evacuations of the Bladder and Ropy Sediment in urine are symptoms of Secondary Seminal Weakness and Prostatorrhœa. Complaints readily yield to the DR. LIEBIG TREATMENT.

Ordinary Cases—Any recent case of special or private diseases cured for $10. Remedies sufficient to cure will be promptly sent, with full directions and advice, on receipt of $10. All packages are securely covered from observation.

Invigorator samples Free.

To prove the wonderful power of the GREAT GERMAN INVIGORATOR a 2 bottle of either or number will be sent free of charge. Persons ordering a free bottle will only have to pay expressage on delivery.

Most Powerful Electric Belts Free to Patients. Consultation, Examination and advice free and private. Call or write.
